

About Us

The Manor Park Community Association (MPCA) is a body of citizens that has been at the service of Manor Park for the past fifty years. The Manor Park Community Council (MPCC) develops and delivers recreation programs for our children with resources provided by the City of Ottawa. Together, we make Manor Park a better place to live. Dynamic citizens contribute greatly to the fabric of any community and Manor Park can be proud of the contributions of its volunteers.

MPCA and MPCC's mission is to provide a safe and vibrant community to all of our residents. Manor Park is an excellent example of how volunteers make a community one of the best places to live in this city.
